REQUEST FOR RECONSIDERATION

In response to the Office Action dated September 21, 2005, reexamination and reconsideration in view of the following remarks are respectfully requested.

Claims 1-50 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting over either claims 1-36 of copending Application No. 10/783,103 or claims 1-50 of copending Application No. 10/783,411. Although Applicants contend the inventions are patentably distinct, in order to further prosecution, Applicants provide a terminal disclaimer in accordance with 37 CFR §1.321(c) to overcome the double patenting rejection. Reconsideration and withdrawal of the rejection are in order, and are respectfully requested.

Applicants submit all of claims 1-50 are in condition for allowance, no substantive rejection having been made. Prompt and favorable action in the form of a Notice of Allowance are respectfully requested. If the Examiner requires anything further, or has any questions, he is invited to contact Applicants' undersigned representative.

Respectfully submitted,

Chris P. Konkol
